

Our staff is pleased to welcome you and your family to our practice. We look forward to developing a caring relationship and are committed to providing you the highest quality medical service.

At Family Physician Associates, a part of Jewish Physician Group, we provide comprehensive medical care for all family members from childhood through the geriatric years. Our skilled and professional staff is trained in the areas of pediatrics, minor surgery, gynecology, internal medicine, allergy, geriatrics and nutrition.

We provide a full range of medical services at two convenient locations. Our office in Shelbyville, located next to Jewish Hospital Shelbyville, offers state-of-the-art equipment for examinations, x-rays, osteoporosis screening, minor surgery, laboratory studies and rehabilitation services.

Henry County patients can receive quality medical treatment at our renovated health care facility located in Eminence, Kentucky. Both offices now feature state-of-the-art EMR's (electronic medical records) using server and wireless technologies.

## Appointments

Our offices are generally run on an appointment system. Patients are welcome to choose a physician or physician assistant. For your benefit, we encourage choosing one physician or physician assistant to administer routine medical care on an ongoing basis. Due to the nature of medical care, please be aware of time delays in scheduling. We appreciate your patience and understanding.

## Hospitalization

In the event of an emergency, the Emergency Department at Jewish Hospital Shelbyville is open 24/7 for emergency medical treatment and admission as needed.

## Care for the Elderly

Family Physician Associates offers routine care for geriatric patients at nursing facilities in Shelby and Henry Counties.

**If you are experiencing an emergency situation, call 911 or go to your closest ER.**

For urgent, non-life threatening matters you may call either of our offices.

For after-hours care please call the office phone number to reach the physician on-call. After hours care should only be used for emergency medical concerns and not for lab results, prescription refills or appointment related issues.

For your benefit, we suggest that you bring your medication bottles or a complete list of your current medications with you at each clinic visit.

## Payment for Services

Our office fees are based upon the complexity of the patient's medical condition. Additional fees apply to laboratory testing and other medical procedures. Traditional insurance and Medicare are accepted. As a service to our patients, we will file primary insurance. We do ask, however, that payment for services be made at the time of each visit.
